Not me, no mo'
Wanna ? holla at a latin broad (Come see me!)
And if you try'na get that money, buddy (Come see me!)

[Verse 1:]
Ya'll can play, thugs and gangstas while I
get this money with these lords and bankers
I was, watching Scarface dreaming of becoming Tony,
Schemin, Triple beamin, double teamin bitches with my homies
I got no blame(?) its just some bitches understand my story
And anger problems, my brother usually wont hear before me
Rap had me, wanting to be a dope boy
Now I rap, I stay away from that dope, boy
It's destiny, I was breast fed that coke boy
and when you seem them chicos better call them folks boy
I'm putting ya'll on the game
I'm hearing raps about coke and crack (crack?)
to be honest they all sound the same
Pit is off the chain (chain?)
Yea, That's set in stone (stone?)
So leave him alone (lone?)
Boy, leave him alone
Pit's reporting live (live!)
from D-A-D-E
Gotta problem buddy?
Come see me!

[Hook 2x]

[Verse 2:]
Fuck whos the baddest a person's status depends on salary
This for them Cuban's losing life over Fidel's mentality
Treat a hater like golf and put a hole in one
I dont carry guns but my dawg's holdin' one
Ya'll boys flip bricks, These boys flip tons
One time Fat Joe, Rest In Peace Big Pun
This how I do it do it
Spit English and Spanish fluent
Then if you dont know I suggest
You pay close attention to it
Pit's here now
This how it's going down
Kilos and pounds
Goin town to town
Fortunately thats not my life no mo'

If its gotta do with dope
For me its a no go
Pit's one of a kind
Pit's ahead of his time
I'm nowhere near my prime
I'm always on the grind
I'm reporting live
From D-A-D-E
Gotta problem buddy?
Come see me!
