

# I Like How It Feels

Pitbull

It's my time  
It's my life.  
I can do what i like.  
For the price of a smile.  
I gotta take it to right.

So I keep living  
Cause the feel's right.  
And it' so nice.  
And I'd do it all again.  
This time it's forever.  
It gets better.  
And I, I  
I like how it feels (6x)

So just turn it up let me go.  
I'm alive, yes and no never stop.  
Give me more, more, more.  
Cause I like how it feels.  
Ooh yeah I like how it feels.  
You know I like how it feels.  
Ooh yeah I like how it feels.

Show me love make us one.  
Let's make a beautiful world.  
Take my hand It's alright.  
Cuz tonight we can fly.

So we keep living  
Cause the feel's right.  
And it' so nice.  
And I'd do it all again.  
This time it's forever.  
It gets better.  
And I, I  
I like how it feels (6x)

So just turn it up let me go.  
I'm alive, yes and no never stop.  
Give me more, more, more.  
Cause I like how it feels.  
Ooh yeah I like how it feels.  
You know I like how it feels.  
Ooh yeah I like how it feels.

Pitbull:  
Will ya consider the best.  
I consider me okra.  
I want my bank account like.  
Carlos slim's  
Or at least mini oprah.  
Baby just close your eyes.  
And imagine any part in the  
World I've been there.  
I'm like global warming.  
Anything I just start to  
Heat the thing up.

But I've been here.  
Time traveller two time zones.  
Give me some of my vodka any zone.  
Enrique Iglesias and translation.  
Enrique churches confession.  
Dale mamita dimelo todo.  
Alante tu homberto yo me hago el bobo.  
No te preocupes.  
Baby for real.  
Because you gonna like how it feels.

Cause I like how it feels.  
Ooh yeah I like how it feels.  
You know I like how it feels.  
Ooh yeah I like how it feels.

I like how it feels. (2x)

You know I like how it feels.  
I like how it feels.  
Cause I like how it feels.
