

Raindrops

Pitbull

Anjuli Star,

Pitbull

this dedicated to everybody who lost somebody important in their life, dont worry their in a better place now.

[Anjuli Stars]

I fear not what the future holds

But more what the future unfolds

Cus I'm dying each time that I breathe in life without you (yeah)

Every hour solemn I need you

Undevoured I'm falling now what can I do

There's so much to give

If only I had my hands to fix what you did

So I hold it inside watch as it dies

I can't even look at the sky its burning my eyes

Similar to cigarette smoke I wish I could float far away from here

[Chorus]

Raindrops

I hope one day that this pain stops (no no)

Raindrops

I hope one day that this pain stops

Washing me away

Washing me away

Washing me away

Washing me away

[Pitbull]

I miss you dad

Still dealing with my the death of my father

Still dealing with the death of my best friend

Eddie I'm a miss you dog

But you know that I'm a ride to the end (I love you)

I didn't cry when you died

But im a let my tears fall on the track

My brother yula just came home

And it feels good to have him back

(Welcome home dog)

See everything happens for a reason

You don't know what you had till its gone

That's why im a take advantage of the fact im breathin

And the words of this song are

Dedicated to eddie and maria

But I know in the future Im a see ya

I know your both looking down on me , proud

I know ya both love me

[chorus]

Raindrops

I hope one day that this pain stops (no no)

Raindrops

I hope one day that this pain stops

Washing me away

Washing me away

Washing me away

Washing me away

See in life things go wrong
If it don't kill you its only goin make you strong
So you must hold on
If everything was right then theres something wrong
Ironie aint it thats just the way life is
That's why I thank god every chance that I get for blessing me
With beautiful kids

What's victory with no laws
What's smiling with no tears
Whats love with no hate
Whats courage with no fears
Just think about it and apply to your life
And no matter what the problem is
Don't worry baby keep your head up
Its goin be alright

[chorus]
