

# Tell Me

Pitbull

Mamita, why we gotta keep going through this?  
Talk to her, Frankie

Just yesterday you said you loved me  
That there was nobody else above me  
That I was yours and you were mine  
That there was no limits to our skies  
But then you had to put our love on hold  
When it came to making love, it wasn't you anymore  
And now you're telling me to leave  
I gotta walk out the door  
Can't you see that this is killing me?  
It's hurting my soul  
Oh baby

How am I supposed to leave you  
When my heart tells me to keep you?  
How can you ask me to let you go?  
No, I just can't let you go  
No, I just can't let you go  
(No)  
Can't you see I'm slowly dying?  
But I'm gonna keep on trying  
Please don't ask of me to let you go

Let me start  
By telling you I love you with all my heart  
But I can't understand the reason  
When you tell me you're leaving  
Girl, me and you were supposed to be forever and ever  
Now instead of being in love  
It's like we are used to each other  
How could we do this to each other?  
We use to ride for each other  
Die for each other  
Cry for each other  
Now, it's like all we wanna do is say is bye to each other  
I can't let this happen  
I refuse to lose you  
I love you, baby  
It's the truth as usual  
I wanna make you happy  
Girl, it ain't hard to see  
You mean the world to me  
We had been though it all  
Thick or thin, right or wrong  
I can't let you go 'cause this love is too strong

How am I supposed to leave you  
When my heart tells me to keep you?  
How can you ask me to let you go?  
No, I just can't let you go  
No, I just can't let you go  
(No)  
Can't you see I'm slowly dying?  
But I'm gonna keep on trying  
Please don't ask of me to let you go

Look, baby, just tell me what you want  
Look, baby, just tell me what you need  
Look, baby, I know I'm far from perfect  
But the game and the money - they can take 'cause it's worthless  
I know it's hard to deal with my life  
I know it's hard to deal with all the gossip  
I done seen 'em wit' this one  
I done seen 'em wit' that one  
But everything they say is monotonous  
Can't you hear it in my voice?  
Mami, you know you're my heart, my soul, my love  
And I swear to you, baby  
I just want to give you my heart, my soul, my love  
I know we can work this out  
I know we can  
Baby, let's try  
But one thing I won't do is let this love die  
(Is let this love die...)

How am I supposed to leave you  
When my heart tells me to keep you?  
How can you ask me to let you go?  
No, I just can't let you go  
No, I just can't let you go  
(No)  
Can't you see I'm slowly dying?  
But I'm gonna keep on trying  
Please don't ask of me to let you go

Believe me; yes, I'm trying to let you go  
But the only thing I get from it is all this crying  
Tell me, how am I supposed to let you go?  
No, no, no

How am I supposed to leave you  
When my heart tells me to keep you?  
How can you ask me to let you go?  
No, I just can't let you go  
No, I just can't let you go  
(No)  
Can't you see I'm slowly dying?  
But I'm gonna keep on trying  
Please don't ask of me to let you go

(No, I just can't let you go)
