

We Run This

Pitbull

Its Pitbull, Lil Jon
Its my way of paying you back dog
For all the love that you gave me

I'll be more than happy
To show you how I rap
Who I am, where Im from
And whats coming up next
f**k the glitter and gold
And all the glamour and glits
I'm here for 1 reason
And survey says! To get rich
So give me the loot (loot)
Show me the cash
Open the safe
Show me the stash
I suggest that you show?? Operation
Or end up in the hospital
getting emergency operations
Family asking doctor doctor
Will he make it through
But theres nothing that doctor doctor can do
When the chi-chi-chi-choppers
Are chi-chi-chi-chopping at you
Thats it, your done
Your finished, your through
Theres no coming back
What you think were cooking crack
Just one question dog
What the f**k are you looking at
I know its hard
Its hard to understand
But Pitbull will serve you anyway
Even underhand
Dont f**k around
because you just might end up
Under land
Im not the coward motherf**ka
I'm the man
I'm the killer on tracks
call me the son of sam
I dont know if yall ready
But bet ya ass I am

(Lil Jon)
Who run this shit!
