

## A Better Lie

Pitchshifter

a better lie?  
don't even try.  
is that the best that you can do?  
'cause i don't believe you.  
is that the best that you can do?  
'cause you said it's something new.  
"come on."  
and if i could be bothered i would think of a better lie (but i  
don't like  
you enough to even try).
