

# Boys and Girls

Pixie Lott

1. I'm looking in the mirror and I think I'm liking what I see  
Big big lights shining bright like Im on the T.V  
My heart pumps as the bass drum thumps you gotta move when the boy jumps  
Somethings going on and I think its going on right now

R: All the boys and the girls  
they got it going on  
When the beat kicks in  
the feeling in your bones  
When the bass impacts  
and the needle drops  
When you can't turn back  
and you just can't stop  
All the boys and the girls  
(no you just can't stop)  
All the boys and the girls  
(no you just can't stop)  
All the boys and the girls

2. I can see the silhouette standing up against the wall  
It sure feels good feels good yeah were gonna lose control  
Turn it on make it strong a good beat never hurt no-one  
Kicking up the dust and were making every move we know ye-e-ah

R: All the boys and the girls...

\*: Wooooh oooh baby dont stop  
Wooooh oooh keep the vibe hot  
Wooooh oooh baby dont stop  
Wooooh oooh keep the vibe hot  
Turn it on make it strong  
a good beat never hurt no-one

R: All the boys and the girls...
