

Hold Me in Your Arms

Pixie Lott

Watching the world float on by
I can say I'm alright
Watching the sun light the moon
As the day turns to night

And he says don't you know I love you?
Don't you know you're beautiful?
He says everyday is special
You have made me believe

Hold me in your arms 'cause I'm falling
Hold me in your arms while we're sleeping
Hold me in your arms

Dreaming of soft cotton clouds
I feel close to you now
Dreaming of candy and chocolate
All the bad girls not allowed

And he says as he thinks I'm sleeping
He whispers girl, you are the one
Never thought I could feel this way
Girl, you made me believe

Hold me in your arms 'cause I'm falling
Hold me in your arms while we're sleeping
Hold me in your arms

Though I'm a little scared that all the times we shared
Almost too perfect to ever last
And when I'm lying here and you are holding me
I know the fear in me will pass
Hold me

Hold me in your arms 'cause I'm falling
Hold me in your arms while we're sleeping
Hold me, hold me, hold me in your arms

Hold me in your arms 'cause I'm falling
Hold me in your arms while we're sleeping
Hold me, hold me, hold me in your arms
