Hold Me in Your Arms

Watching the world float on by I can say I'm alright Watching the sun light the moon As the day turns to night

And he says don't you know I love you? Don't you know you're beautiful? He says everyday is special You have made me believe

Hold me in your arms 'cause I'm falling Hold me in your arms while we're sleeping Hold me in your arms

Dreaming of soft cotton clouds I feel close to you now Dreaming of candy and chocolate All the bad girls not allowed

And he says as he thinks I'm sleeping He whispers girl, you are the one Never thought I could feel this way Girl, you made me believe

Hold me in your arms 'cause I'm falling Hold me in your arms while we're sleeping Hold me in your arms

Though I'm a little scared that all the times we shared Almost too perfect to ever last And when I'm lying here and you are holding me I know the fear in me will pass Hold me

Hold me in your arms 'cause I'm falling Hold me in your arms while we're sleeping Hold me, hold me, hold me in your arms

Hold me in your arms 'cause I'm falling Hold me in your arms while we're sleeping Hold me, hold me, hold me in your arms **Pixie Lott**
