

# Kill a Man

Pixie Lott

Oh, you're a worthless man  
You don't call me back  
You don't give a damn  
You're a maniac  
You're a jealous guy  
You're a hypocrite  
Got a wandering eye  
Don't want none of it

You gon' have to go  
Pack your shit and leave  
I'm taking control  
Crossing all my T's  
I'm done  
But you keep me on the line  
Keep messin' with my mind, yeah  
What you doin' to me baby?

Here is somethin' you can't understand  
(How I can just kill a man)  
You do me wrong with my heart in your hands  
(Now I can just kill a man)  
This was never a part of my plan  
(How I can just kill a man)  
Here is somethin' you can't understand  
(How I can just kill a man)  
You don't want me for yourself  
But don't let me have no-one else.

You're a mess around  
You don't give me time  
You just shoot me down  
You done crossed the line  
You're a heartless fool  
You don't take no blame  
You won't never change  
i'm a cock and aim

You gon' have to go  
Pack your shit and leave  
I'm taking control  
Crossing all my T's  
I'm done  
But you keep me on the line  
Keep messin' with my mind, yeah  
What you doin' to me baby?

Here is somethin' you can't understand  
(How I can just kill a man)  
You do me wrong with my heart in your hands  
(Now I can just kill a man)  
This was never a part of my plan  
(How I can just kill a man)  
Here is somethin' you can't understand  
(How I can just kill a man)  
You don't want me for yourself  
But don't let me have no-one else.

Ladies (Uh-hu)  
Is he givin' you what you're looking for? (Hell, no)  
Ladies (Uh-hu)  
Is he blowin' through the final straw? (Hell, no)  
Ladies (Uh-hu)  
Don't it feel like you can't take no more? (Hell, yeah)  
Maybe (Uh-hu)  
'Bout time we go to war.

Here is somethin' you can't understand  
(How I can just kill a man)  
You do me wrong with my heart in your hands  
(Now I can just kill a man)  
This was never a part of my plan  
(How I can just kill a man)  
Here is somethin' you can't understand  
(How I can just kill a man)  
You don't want me for yourself  
But don't let me have no-one else.
