

# My Love

Pixie Lott

My love, lately I see you just ain't with me  
A distance growin', oh, how can this be?  
Departing slowly and I don't know how to stop this wind  
From the way we're goin' this love is fadin' away

Nobody knows but I know, yeah, I know  
They don't see it but I feel it  
Without you I never will be as strong  
Oh, I need ya, oh, I need ya

You're the definition of a life I would be missin', oh  
We can make this right, don't wanna lose  
Don't wanna lose your love

I cannot live without you by my side  
Take all my love, take my soul, my mind  
Too much to let go, don't wanna lose  
Don't wanna lose my love

You are my love, don't wanna lose my love

Running in circles, let's get it past the hassle  
It ain't worth and this can't work, oh, baby  
See my book is filled with so many pages of your memory  
Let's finish the story, a never ending story

Nobody knows what I know, yeah, I know  
I know you are, this is not just me  
Without you I never will be as strong  
So come on baby, show me

You're the definition of a life I would be missin', oh  
We can make this right, don't wanna lose  
Don't wanna lose your love

I cannot live without you by my side  
Take all my love, take my soul, my mind  
Too much to let go, don't wanna lose  
Don't wanna lose my love

You are my love, don't wanna lose my love  
You are my love, don't wanna lose my love

Your love, your kiss, you are the guy I love  
That belongs to me and I can't live without you  
Don't wanna lose, don't wanna lose my love

You're the definition of a life I would be missin', oh  
We can make this right

I cannot live without you by my side  
Take all my love, take my soul, my mind  
Too much to let go, don't wanna lose  
Don't wanna lose, don't wanna lose my love

You're the definition of a life I would be missin', oh  
We can make this right, don't wanna lose

Don't wanna lose your love

I cannot live without you by my side  
Take all my love, take my soul, my mind  
Too much to let go, don't wanna lose  
Don't wanna lose my love

You are my love, don't wanna lose, don't wanna lose  
You are my love, don' t wanna lose my love
