Gouge away you can gouge away stay all day if you want to

Missy aggravation some sacred questions you stroke my locks some marijuana if you got some

Gouge away you can gouge away stay all day if you want to

Sleeping on your belly you break my arms you spoon my eyes been rubbing a bad charm with holy fingers

Gouge away you can gouge away stay all day if you want to

Chained to the pillars a 3-day party I break the walls and kill us all with holy fingers

Gouge away
you can gouge away
stay all day
if you want to
