

I'm Amazed

Pixies

- ...girls and fucked 'em at school
All I know is that
There were rumours he was into field hockey players
There were rumours
- So I applied basically
- He was gone the next day
- I went out for the team
- It's like - he was go... [Kim stops halfway through the word
"gone"] - they'd just like
It was like so hush hush
They were so... quiet about it
And then the next thing you know...

The day before that I was wed
She went upstairs and she cut her hair away

I'm amazed [3x]

And when I was a little boy
A ball of string my parents took from me

I'm amazed [3x]

Before I died, I took my Honda
And packed it up, up, up to Arizona (honey)

I'm amazed , I'm amazed, I'm amazed [4x]
