

## Snakes

Pixies

Meet me by the coppice stool  
Before the sky takes back its jewels  
Bring your life of memories  
Before they sink into the seas

Snakes are coming to your town  
In tunnels underground  
Some traveling overground  
A plague for our mistakes  
They'll be right next to you  
Snakes up against me, too  
There'll be nothing to do  
When the rattle shakes

One more glass and then we're dry  
Say some words I'll write them down  
Seal the couplets deep inside

Snakes are coming to our town  
In tunnels underground  
Some traveling overground  
A plague for our mistakes  
They'll be right next to you  
Snakes up against me, too  
They'll be nothing to do  
When the rattle shakes
