

# Tenement Song

Pixies

The drumsticks were his treasure trove  
Found in the ashes of The Coconut Grove  
Hey, man, can you give me something?  
Hey, man, did you give me something?  
Hey, man, nothing comes from nothing  
Hey, man, something came from somewhere

Hey, man, it's a tenement song  
It's there on the tip of your tongue  
Let's play on a tenement song  
On and on and on

Tenement song  
It's a tenement song

Tall bottle and one more smoke  
Tenement song  
She lived through the fire but the piano got broke  
It's a tenement song

Hey, man, can you give me something?  
Hey, man, did you give me something?

Hey, man, it's a tenement song  
It's there on the tip of your tongue  
Let's play on a tenement song  
On and on and on

Hey, man, it's a tenement song,  
It's there on the tip of your tongue,  
Let's play on a tenement song  
On and on and on  
On and on and on
