

# Bows And Arrows

PJ Harvey

I saw your face  
Whiter than purity  
Then I saw savages  
Standing before me

(Poison, poison, poison)  
Bows and arrows  
(Poison, poison, poison)  
Tipped with poison

(Poison, poison, poison)  
Make tenderness please  
(Poison, poison, poison)  
Stand by my pillow

I see evil  
Every time I dream  
I see earth's poison  
(Poison, poison, poison)  
I hear violence sing  
(Singing, singing, singing)

Even your touch  
(Singing, singing, singing)  
Once so pure  
(Pure and pure and pure and)

Comes fates cold hand  
(Cold hand, cold hand, cold hand)  
On my locked door

Won't you send those angels  
To watch over me?

I can't catch the bow  
(Can't catch, can't catch, can't catch)  
That this planet has thrown  
(Can't catch, can't catch, can't catch)

I can't catch this bow  
(Can't catch this bow, can't catch)  
On my own  
(On my own, on my own)

In come the arrows  
(Arrows, arrows, arrows)  
Like a needle

You pierce my heart  
And I taste poison  
(Poison, poison, poison)  
You pierce my soul  
With bows and arrows

Won't you send those angels  
To watch over me?
