

# Daddy

PJ Harvey

Daddy  
Hold me  
It seems so very dark tonight  
And day

Daddy  
I can't sleep  
Need you to come and sing to me

That the stars  
Up in the sky  
Will shine down gently on the two of us tonight  
And soon enough (Daddy)  
It will be light (Baby)  
We'll hold on tightly to each other, you and I  
And I won't cry

Oh Daddy  
Your baby  
Is weak and calling out your name

My Daddy  
Oh don't leave me  
I beg you sing your song again

That the stars  
Up in the sky  
Will shine down gently on the two of us tonight  
And soon enough (Daddy)  
It will be light (Baby)  
We'll hold on tightly to each other, you and I  
And I won't cry (Baby)  
Or call your name

And I won't  
And I won't  
And I won't  
And I won't
