

# Changes

Place Vendome

Can you see  
What you're doing to me  
I'm begging you, please  
Why don't you stay for a while?  
Till the first days of morning

Just turn around  
One look in my eyes  
Will tell you no lies  
I'm in the palm of your hand  
And when the smoke clears  
I'm still waiting

You say it's hard to say it's over  
But your dreams are made of clay  
I say I still feel the fire  
And that never fades away

Remember my love we've been through some changes  
All I want is to bring back the days filled with magic  
And now you're telling me...  
It's all in the past, we can't seem to change it  
Nothing left of what we used to have

One more chance  
Is all that I need  
To plant a new seed  
Change the course of our story  
I won't let it slip away

Now it's up to you  
I don't wanna crawl  
I don't wanna fall  
I guess I just need a reason  
Why I should give up the fight  
Cause my heart's still burning

You say it's hard to say it's over  
But your dreams are made of clay  
I say I still feel the fire  
And that never fades away

Remember my love we've been through some changes  
All I want is to bring back the days filled with magic  
And now you're telling me...  
It's all in the past, we can't seem to change it  
Nothing left of what we used to have

You say it's hard to say it's over  
But your dreams are made of clay  
I say I still feel the fire  
And that never fades away

Remember my love we've been through some changes  
All I want is to bring back the days filled with magic  
And now you're telling me...  
It's all in the past, we can't seem to change it

Nothing left of what we used to have
