

# Completely Breathless

Place Vendome

Without you... I cannot dream  
The surface... is out of reach.  
Deeper and deeper I fall...

If this is the last... goodbye  
I'm leaving my heart... behind  
Wherever I go beyond tonight, the dark is... endless

If this is the last... goodbye  
I swear I will change the end of time  
Whatever you do, you're leaving me  
Completely Breathless

I feel naked. I have no defense  
It feels like you're my only chance  
Deeper and deeper I fall...

If this is the last... goodbye  
I'm leaving my heart... behind  
Wherever I go beyond tonight, the dark is... endless

If this is the last... goodbye  
I swear I will change the end of time  
Whatever you do, you're leaving me  
Completely Breathless

I cannot take it anymore  
Broken down on the floor  
Say will you be here tomorrow?  
Totally empty inside  
Got all the reasons to fight  
So tell me is this our last goodbye?

Wherever I go beyond tonight, the dark is... endless

If this is the last... goodbye  
I swear I will change the end of time  
Whatever you do, you're leaving me  
Completely Breathless.
