

Lost In Paradise

Place Vendome

Heed the call
Final warning
Things are getting stronger
Finally the time has come
To choose just who you are
You never realise
You're take by surprise
And suddenly you know it is too late
You gotta find a way
A reason to stay
'Cause otherwise you will be led to astray

I'm lost in paradise
Deep behind the fantasy
I'm lost in paradise
Deeper to my path is going
I'm lost in paradise

It's always there
Everywhere
Take a look behind
Final steps, realise
This is going nowhere

You're taken by surprise
I'm lost in paradise
