

I wanna be much more like you  
Your effortlessly graceful scene  
That drips from every pore of you  
Where logic cannot intervene  
I wanna take a bath with you  
And wash the chaos from my skin  
I wanna fall in love with you  
So how do we begin ?

I wanna be a girl like you  
The way you swing your hips in jeans  
I wanna wear my face like you  
Shiseido MAC and Maybelline  
I wanna paint the town with you  
And tickle you until you scream  
I wanna fall in love with you

I wanna say I do  
I wanna say I do  
I wanna say I do  
I wanna say I do  
I wanna say I do

I wanna be much more like you  
The way your smile lights up the room  
I'll kick back as men flirt with you  
Till jealously I'll stay in you  
This confidence in me and you  
This hope that you and I will bloom  
I wanna fall in love with you

I wanna say I do  
I wanna say I do  
I wanna say I do  
I wanna say I do  
I wanna say I do

The question is do you ?
