

# Nancy Boy

Placebo

1. Alcoholic kind of mood  
lose my clothes, lose my lube  
cruising for a piece of fun  
looking out for number one  
different partner every night  
so narcotic outta sight  
what a gas, what a beautiful ass.

R: And it all breaks down at the role reversal,  
got the muse in my head she's universal,  
spinnin' me round she's coming over me.  
And it all breaks down at the first rehearsal,  
got the muse in my head she's universal,  
spinnin' me round she's coming over me.

2. Kind of buzz that lasts for days  
had some help from insect ways  
comes across all shy and coy  
just another nancy boy.  
Woman man or modern monkey  
just another happy junkie  
fifty pounds, press my button  
going down.

R: And it all breaks down at the role reversal...

3. Does his makeup in his room  
douse himself with cheap perfume  
eyeholes in a paper bag  
greatest lay I ever had  
kind of guy who mates for life  
gotta help him find a wife  
we're a couple, when our bodies double.

R: And it all breaks down at the role reversal... (2x)
