

# Broken Record

Plain White T's

1. It was summer love,  
She was like a drug,  
Fit me like a glove,  
Everything was alright,

2. I was James Dean,  
She was Billie Jean,  
California Queen,  
Everything was alright,

3. From the bad beat,  
To the back scene,  
In the heat heat,  
Everything was alright,

P: Lovers and years have come and gone,  
She'll always be my favorite song  
She was solid gold,  
She was Rock'n'roll  
I should have never let her go go go

R: Kiss me goodbye and I knew it was final,  
Got in her daddy's car and she was gone like vinyl,  
Her memory pops up when I least expect it,  
It's stuck in my head like a broken record,  
Pa pa pa pa pa Broken Record,  
P-p-pa pa pa Broken record,  
A broke, a broke, a broken record,  
P-p-pa pa pa Broken record,

4. She was hot file,  
She was low file,  
Burning up July,  
Everything was alright,

5. Let me with a kiss,  
I wonder where she is,  
If that she ever miss me,  
Oh oh oh,

P:

R:

I wished I could find her,  
Ooh oh oh,  
Cause I need to remind her,  
Ooh oh oh,

R:

Skip skip through my head,  
Skip skip through my head,  
Skip skip skip through my head all day.
