

# Come Back to Me

Plain White T's

Everything you say or do  
I am always there for you  
Whether you're laughing or you're screaming  
No one else could take your place  
I will always see your face  
When I'm awake and when I'm dreaming

Cause I believe there's a place for you and me in this crazy world

If you'd come running back to me I'll be here waiting  
Cause I still believe in a love worth saving  
If you could see the sad look on my face  
You'd be in your car headed back to my place  
Come back to me, I'll be here waiting  
Cause I'm on my knees and my love's not fading  
If you could see the sad look on my face  
You'd be in your car headed back to my place

I can't stand to watch you go  
Cause in my head deep down I know  
I don't wanna live without you  
I love the way we stay up late  
The way you laugh at your mistakes  
I love everything about you

Cause I believe there's a place for you and me in this crazy world

If you'd come running back to me I'll be here waiting  
Cause I still believe in a love worth saving  
If you could see the sad look on my face  
You'd be in your car headed back to my place  
Come back to me, I'll be here waiting  
Cause I'm on my knees and my love's not fading  
If you could see the sad look on my face  
You'd be in your car headed back to my place

No, don't want to let you go  
Can't move on  
My heart, and my arms, and my bed girl  
Quit messing with my head  
Say you're coming back to stay right here with me

If you'd come running back to me I'll be here waiting  
Cause I still believe in a love worth saving  
If you could see the sad look on my face  
You'd be in your car headed back to my place  
Come back to me, I'll be here waiting  
Cause I'm on my knees and my love's not fading  
If you could see the sad look on my face  
You'd be in your car headed back to my place

Come back to me  
I still believe  
If you could see the sad look on my face  
You'd be in your car headed back to my place  
Come back to me  
I'm on my knees

If you could see the sad look on my face  
You'd be in your car headed back to my place
