

The CD is over go back to track one
And start again from there
Skinny dippin' is so much fun
Even in your underwear
It's cool and you just don't care

You just don't care
It's easy you can never be afraid
Listen to the music cause this is what our dreams are made of
You just gotta know ooohhh just let yourself go
We'll see you at the show

I'm all dressed up in the plain white t's
And now the girls can't stop looking at me
I got the windows down and the radio LOUD
You can feel something in the air
It's cool and you just don't care

You just don't care
It's easy you can never be afraid
Listen to the music cause this is what our dreams are made of
You just gotta know ooohhh just let yourself go
We'll see you at the show

The CD is over go back to track one
And start again from there
Come'on over we'll so much fun
And life will never be unfair
And love is always in the air
Theres always something happening there
It's cool and you just don't care

You just don't care
It's easy you can never be afraid

You just gotta know ooohhh just let yourself go
We'll see you at the show
