Meet Me in California

Plain White T's

I knew that this was wrong as I stood reaching for the bedroom light

But she turned me on so I turned it off

Now every man has got his flaws, his breaking point, his sacred cause

And I had mine but I crossed that line

Now I could never ask you to forgive me for the things I do But if you ever need me you know where I'll be

Meet me in California, I'll be there waiting for your call I'll be there waiting for you

'Cause you know in California there's something better for us a 11

Meet me in California

This night was like a bible verse with pages torn and missing words

Condemning me and I'm on my knees

I wish that I could start again, peel the past like sunburned s kin

Right off of me, but it's not that easy

And now I could never ask you to forgive me for the things I do But if you ever need me you know where I'll be

Meet me in California, I'll be there waiting for your call I'll be there waiting for you

'Cause you know in California there's something better for us a ll

Meet me in California

I don't wanna say goodbye and I don't wanna make you cry
I just wanna see you smile again

'Cause everything I used to be is waiting over there for me This is a beginning not an end

I could never ask you to forgive me for the things I do But if you ever need me you know where I'll be

Meet me in California, I'll be there waiting for your call I'll be there waiting for you

'Cause you know in California there's something better for us a ll
