

Lemonade

Planet Funk

Suck your lemonade
in the sun

whens its hot and tropical
you drip just like glue
that sunlight's burning into you
you're dripping all over

suck your lemonade
in the sun
watch it run
off your tongue
suck your lemonade
watch it run
out of your pink tongue
out of your pink tongue
watch it run
off of your pink tongue

I see you melting up to the stuff on you're stereo
with you're friends in the heat, in your Alpha Romeo
you're dripping all over

suck your lemonade
in the sun
watch it run
off your tongue
suck your lemonade
watch it run
out of your pink tongue
out of your pink tongue
watch it run
off of your pink tongue

creeping to the shame
suck your lemonade
you just

suck your lemonade
in the sun
watch it run
out your tongue
suck your lemonade
watch it run
out of your pink tongue
out of your pink tongue
watch it run
out of your pink tongue
