

Tranquility Base

Planet P Project

I was bound for Tranquility
On the bright side of the moon
Where a man has no neighbors
Everybody gives him room
It's like heaven, a little piece of heaven
It's like heaven, a little piece of heaven
On Tranquility Base, on Tranquility Base
This regards from Tranquility Base
I'll write you when I can
But if you never hear from me
I know you'll understand
It's like heaven, a little piece of heaven, oh ho
It's like heaven, a little piece of heaven
On Tranquility Base, on Tranquility Base
(Ooh la la, ooh la la, ooh la la, ooh la la, ooh la la, ooh la la)
