

Everything To Me

Planetshakers

When I feel down I look to you
When I feel low your words ring true
Its not by might or in my strength
But its by your spirit moving in my life
Cos God you are my life

I will praise you
You're everything to me
I'll live for you
You're the reason that I sing
I won't go back to the way it used to be
Cause I've found you and your everything to me

At times when I look down and all I see is
Sinking sand
I'm thankful that it's you the solid rock on
Which I stand
