## **Everywhere I Go**

## **Planetshakers**

(Everywhere that I go I will let the whole world know)

I cannot contain what You've done in me I can't stop lifting up My praises to You My Jesus

Everywhere I go
I will shout Your praises
Everywhere I go
I just can't contain it

You healed me set me free You gave me a dream Now I shout all about The King of all kings My Jesus

Everywhere that I go I'm gonna shout it Everyday of my life I'm gonna shout it
