

Shake the Planet

Planetshakers

The Holy Spirit's got me pumpin
Flowing with the beat this whole place is jumpin
To the sound the demons can't stand it
Cause tonight we're gonna shake this planet

We're gonna shake this planet
And turn it upside down
We've come to praise Him
Where His presence can be found

We're gonna shout His praises
For He's the One who reigns
We're gonna sing it
Till the whole world has been saved

Shake this
Planet turn it upside down
With Your
Spirit come and make a sound
Save this
Generation going down
Fill us
Cause tonight we're gonna shake this planet

Cause tonight we're gonna shake this planet
Cause tonight we're gonna shake this planet
Cause tonight we're gonna shake this planet
