

## One Or The Other

Plankeye

I watched you through star-struck eyes as you fell down  
The words you spoke, I'd like to think you were sincere  
Now I find my way backstage, fill my mouth with what's to taste  
And what I'm saying, man is yeah, I see, I understand  
And I can't blame you  
I know you had to  
It was one or the other, it was you or your brother  
Should he change your mind; bring you around; clear the smoke,  
I really hope to see you there  
We'll reminisce when we're upstairs  
When it comes around who really cares?  
What I'm saying, man is yeah, I see, I understand  
And I can't blame you  
I know you had to  
It was one or the other  
it was you or your brother  
(It was you)
