

Scared Of Me

Plankeye

And I landed here
You took the fall
Its funny how the backdoors swing on call
And the lessons I've learned
End in depressed
Is it the same way with you my friend?
and I'm not scared
Scared of you
I think I'll stay in
I didn't lie
The man that I turned into last night
So many words
That I can't take back
scared of me
Scared of me, yeah
'cause all the backdoors are calling
So loudly to me
its just you and me
And the distance between
Your car seats and CD's
And I'd like to reach across
And touch your bliss
But I'm too far, again
scared of me
Scared of me, yeah
'cause all the backdoors are calling
So loudly to me
Scared of me
Scared of me
'cause all the backdoors are calling
And all the backdoors are calling out
And all the backdoors are calling
So loudly, yeah
Scared of me
Sometimes
You can steal the blue
From your own eyes
Sometimes
You can steal the blue
From your own eyes
Sometimes
Sometimes
