

## Scared Of Me

Plankeye

And I landed here  
You took the fall  
Its funny how the backdoors swing on call  
And the lessons I've learned  
End in depressed  
Is it the same way with you my friend?  
and I'm not scared  
Scared of you  
I think I'll stay in  
I didn't lie  
The man that I turned into last night  
So many words  
That I can't take back  
scared of me  
Scared of me, yeah  
'cause all the backdoors are calling  
So loudly to me  
its just you and me  
And the distance between  
Your car seats and CD's  
And I'd like to reach across  
And touch your bliss  
But I'm too far, again  
scared of me  
Scared of me, yeah  
'cause all the backdoors are calling  
So loudly to me  
Scared of me  
Scared of me  
'cause all the backdoors are calling  
And all the backdoors are calling out  
And all the backdoors are calling  
So loudly, yeah  
Scared of me  
Sometimes  
You can steal the blue  
From your own eyes  
Sometimes  
You can steal the blue  
From your own eyes  
Sometimes  
Sometimes
