

I Could Rob You

Plastiscines

Love is gonna hurt tonight
If it's alright I'm gonna try
Love is gonna kill tonight
Don't be surprised that you're gonna cry

I could rob you if I want to
I could rob you if I try
I could rob you if I need to
Just be alright

Love is gone and you wanna cry
Love is gone and you don't know why
Love is gone and you know it's time to run
To run and hide

Are you gonna be alright
Let's say our last goodbyes
Love is gonna kill tonight
Just stay away if you don't wanna fight

I could rob you if I want to
I could rob you if I try
I could rob you if I need to
Just be alright

Love is gone and you wanna cry
Love is gone and you don't know why
Love is gone and you know it's time to run
To run and hide

Love is gone and you can't have it back

Love is gone and you wanna cry
Love is gone and you don't know why
Love is gone and you know it's time to run
To run and hide
