

Happiness

Platinum Weird

I can turn the gray more blue
Give me a chance and I'll show you
How to go from good to bad to worse

And then you'll see my greatest gift
Is falling down and taking it
'Cause everything is better when it hurts

Happiness in all kinds of weather
For worse or for better
I'll have it anyway

But happiness, it can't last forever
You know there's never
Pleasure without the pain

Here it comes again
Here it comes again
Happiness

I used to dream of oceans wide
Somewhere in another life
I am floating far from everything

And I need someone to pull me back
From the edge of where I'm at
'Cause if I hit the bottom
One more time I'll never find

Happiness in all kinds of weather
For worse or for better
I'll have it anyway

Happiness, it can't last forever
You know there's never
Pleasure without the pain

Here it comes again
Here it comes again
Happiness, happiness
Happiness, happiness
