Nobody Sees

Platinum Weird

You know by the look in her eyes
Where she's going tonight
You can tell by the way she says hi You're in trouble alright
Any way the wind the blows
That is where her love goes
Anyway the wind blows
Is where she'll be tomorrow
But I know by the look in her eyes That something's not right
But nobody ever sees
When she's out of her mind
And one step behind
And nobody ever hears
When she's way out of tune
And singing the blues
Nobody sees but me
You can guess by the sound of her yes
That she doesn't care
She says she's fine but that's just a line
She likes to share
Anyway the wind blows
That's the way her love goes
Anyway the wind blows
But I know by the look in her eyes
