

## Don't be Afraid

Platitude

The roll of the dice has just begun  
You're thinking your life is over  
Believe me I don't care at all  
Tomorrow is far away...

Don't be afraid - it's alright  
I'm not holding back anymore...  
Don't be afraid - hold on tight!  
Don't let them touch your soul!

One of these days, it all comes back  
Back to your head, a sense of pain!

Some people believe  
Some people grieve  
Filling their minds with sorrow  
Look at yourself, down on the ground  
You're still on the run!

Don't be afraid - it's alright  
I'm not holding back anymore...  
Don't be afraid - hold on tight!  
Don't let them touch your soul!
