Don't be Afraid

Platitude

The roll of the dice has just begun You're thinking your life is over Believe me I don't care at all Tomorrow is far away...

Don't be afraid - it's alright I'm not holding back anymore...

Don't be afraid - hold on tight!

Don't let them touch your soul!

One of these days, it all comes back Back to your head, a sense of pain!

Some people believe Some people grieve Filling their minds with sorrow Look at yourself, down on the ground You're still on the run!

Don't be afraid - it's alright I'm not holding back anymore...

Don't be afraid - hold on tight!

Don't let them touch your soul!
