

Destiny

Play

In the dream you're on a ledge
Underneath you lie your hopes for tomorrow
To get over this edge
You need a leap of faith

You waited long enough
Thought it out and now it's time to embrace it
Let's show what you made of
It's in your hands your chance to take it

Destiny's everything you made of
Hiding behind what you're most afraid of
Destiny gives you the strength to stand your ground
And you can't get lost here

Destiny your destiny, destiny
You can't get lost
Destiny your destiny, destiny

I was so terrified
Then realized on this journey
No matter where it leads
You'll get a chance to have
Take it

Destiny's everything you made of
Hiding behind what you're most afraid of
Destiny gives you the strength to stand your ground
Your destiny is found

When you run around in circles
To find where you've been
But the far away that you can turn
Opens your hand
No matter what just take control
Cuz when you're gone nobody knows
It's your destiny

Destiny's everything you made of
Hiding behind what you're most afraid of
Destiny gives you the strength to stand your ground
Your destiny is found

Destiny's everything you made of
Hiding behind what you're most afraid of
Destiny gives you the strength to stand your ground
Your destiny is found
My destiny is found

My destiny is found
