

Cheers 2 U

Playa

Well
Oh, oh, baby
Oh, oh, oh
Hey, hey, hey, hey, Mm
Yeah, yeah, oh
If I had a wish, baby I wish
He never left you feeling like this
Cause I can feel your pain
But if you just could get over him
Maybe someone, will look to your mind
Girl, I'ma make it better
Now can we dim the lights
Let's make a toast that it will be alright
Chorus:
Cheers 2 u
For giving me a chance
I'll be your angel
More than your man
Cheers 2 u
For giving me a chance
I'll be your angel
More than your man
I know we can win
And you can depend on me through the thick and thin
To the very end
I gotcha back
So open your heart
And let me come on it
And I'll be you king, and you'll be my queen, yeah, yeah
(And you'll be the queen of my heart and my soul and everything I treasure)
So let me ease you mind
And let's make a toast that it'll be alright
{Chorus} (2x)
What a love, what a love, what a love
What a love that's waiting for ya
What a love girl
What a love girl, I adore ya
I will be there for the love everlasting
Baby I care, for your needs you can ask me
What a love, what a love, what a love
What a love, that's waiting for ya
What a love girl
What a love girl, good love
I will be there for your lust and affection
We can go there, anytime, any moment
Oh, Oooohh, oh yeah
Are you listening baby
Your angel now
I will protect you, in any which way I can
Yeah, yeah
Mm
Gonna be, gonna be, gonna be
Oh oh oh
{Chorus} (repeat til end)
