

# I'll B 2 C U

Playa

I heard you moved across the town  
Lately I ain't seen you around  
I stopped at the club last night  
And baby you were no where in sight  
Where are you are baby

I called but the line was busy  
(Redial and they said you were busy)  
last week when we laid in my bed  
It's still in my head, still in my head

I would get on a train  
If I hide to ride it  
Get on a plane  
If I had to fly it, fly it

Get on the bus  
I'll B 2 C U  
Give me your trust  
I could never leave you leave you

I dreamed that we we bonnie and clyde  
You would not dare leave from my side  
We kicked it but the fate was unseen  
Man I hope you're somewhere lookin' for me, ooh

I called but the line was busy  
(Redial and they said you were busy)  
last week when we laid in my bed  
It's still in my head, still in my head

I would get on a train  
If I hide to ride it  
Get on a plane  
If I had to fly it, fly it

Give me your trust  
I could never leave you leave you
