

# I'd Rather Be Gone

Player

I gave you my word  
That I would be yours  
If you would be mine.

I don't want your love,  
All of your love  
Some if the time.

If you give to him what you give to me  
We might as well end it quietly,  
And time will tell who's the lucky one.

I'd rather be gone.  
Walking in the rain  
Feeling like a fool  
Who's out of his mind.  
I'd rather be gone  
Dealing with the pain  
Of leaving you behind.  
Can't you see  
I'd rather be  
Gone.

Baby, you and I, we were meant to win  
But here we are, just a "Could have been".  
'Cause half your love, that's not enough for me.

I'd rather be gone.  
Walking in the rain  
Feeling like a fool  
Who's out of his mind.  
I'd rather be gone  
Dealing with the pain  
Of leaving you behind.  
Can't you see  
I'd rather be  
Gone.
