Plazma

I've been led astray
By my body's flame, desire's flame
I've been almost blind
Going through the storm
But God's sent me you

Lead me home
Lead me home
Be my guide
Through the storm
Take me home
Take me home
I'll settle down
I'll settle down

I've been led astray
All those empty years, lonely years
I've been almost blind...
Now I've found a guide
'Cause God's sent me you

Lead me home
Lead me home
Make me find
Peace of mind
Take me home
Show me home
I'll settle down
To the ground
