

## Memories

Plazma

Could I have supposed that I'd  
See such an attractive light?  
No one ever warned me  
No one ever warned me  
And I took a step that way  
Now I know I'm here to stay  
Oh somebody free me!  
Please somebody free me!

Oh God I wish that I could breathe  
Oh God I wish that I could breathe  
Start up my heart again  
I wish that I could breathe  
I loved my life  
I loved my life...

Enemies...  
Memories...  
Set me free  
Save my soul  
Memories're enemies  
Oh somebody free me  
Please somebody free me!
