

Be Still

Please the Trees

Don't you worry my darlin'
That you're missin' somethin'
Can't you see the trees and mountains
For centuries standing still
Never complaining

Don't you worry my darlin'
That you're missin' somethin'
Can't you see the trees and mountains
For centuries standing still
Never askin'
Where I've been?
Where I've been?
When and where will I go?
