

Do You

Pleasure P

It's like two when I'm always the image
Said I need you right now just come get me
I pull up with a blond and that sticker
She come out wearing nothing but vickers
She say I'm a secret, so she wanna keep it on the low
I can have her body, just as long as don't nobody know
She call me when she need it, just 'cause she don't get it right
at home
Freaky but she's sneaky, that's just how I like it
So we on, so we on

I say girl you ain't got no man, do you?
If so I don't care, do you?
You know when we sexin', it be good to you
All I'm tryina say is do you? do you?
Do you bad?
I don't give a fuck about your man
Do you? do you?
Do you bad?
You know he can't hit it like I can
So do you?

Screaming on all up in your sheets
Fucked around and wet the sheets
Don't stop, don't stop
Keep bouncing on me
Surely came making her late
Instead is calling a nigga collate
She say I'm a secret, so she wanna keep it on the low
I can have her body, just as long as don't nobody know
She call me when she need it, just 'cause she don't get it right
at home
Freaky but she's sneaky, that's just how I like it
So we on, so we on

I say girl you ain't got no man, do you?
If so I don't care, do you?
You know when we sexin', it be good to you
All I'm tryina say is do you? do you?
Do you bad?
I don't give a fuck about your man
Do you? do you?
Do you bad?
You know he can't hit it like I can
So do you?
