

Freakaholic

Pleasure P

Step, into my room, and take off all your clothes
I wanna get you on... my bed... me in your wound
Cause both of us is grown, I wanna freak you to the bone girl
Try this
Won't tell nobody about what we doing
Even though I've been wanting to do this for so long, so long
Thinking about your body all day, wanna turn you... in the worst way
And I get the feeling you know what I want

We'll do a little bit of kissing then you gonna give me all that
Off in the kitchen maybe end up in the closet
I'll have you teaching, you're gonna be my freakaholic
Eh baby, uh baby
We gonna be switching in positions, girl I'm gonna come get all that
And I ain't tripping, I love to hear you talk loud
Oh, did I mention, you gonna be my freakaholic
Eh baby, uh baby

I'll, show you my moves,
I'll make you say my name,
You'll be my sexy little thing all night
Girl now, I work for you,
And my shift doesn't change, I won't get no complaints
I'm one time girl

We'll do a little bit of kissing then you gonna give me all that
Off in the kitchen maybe end up in the closet
I'll have you teaching, you're gonna be my freakaholic
Eh baby, uh baby
We gonna be switching in positions, girl I'm gonna come get all that
And I ain't tripping, I love to hear you talk loud
Oh, did I mention, you gonna be my freakaholic
Eh baby, uh baby

And when you'll tell me stop, I'll keep on going on
Until you had enough girl, I ain't slowing down
Not even a little bit
And baby I'll make you overdose on me
Until your legs get weak baby
I'll be on your knees baby

We'll do a little bit of kissing then you gonna give me all that
Off in the kitchen maybe end up in the closet
I'll have you teaching, you're gonna be my freakaholic
Eh baby, uh baby
We gonna be switching in positions, girl I'm gonna come get all that
And I ain't tripping, I love to hear you talk loud
Oh, did I mention, you gonna be my freakaholic
Eh baby, uh baby (2x)
