

## It's Like That

Pleasure P

Sex me the way I like it  
Horny and I'm excited  
Your G spot, I'm gonna find it  
Slowly, work your magic

I love it when you put it on me  
Position and arch your back  
I love it when it's like that  
Here's my pillow, baby bite that

I love it when you scream my name  
The way it feels, girl I can't explain  
Girl I love it when it's like that  
I love it when it's like that

The way you sex me  
Girl you know it feels so close to heaven  
It's heaven  
The way you touch me, girl  
Make me feel so special  
So special  
So special, so special

I won't stop until I make sweat drip from yo body  
And I'm gon satisfy yo soul and explore yo mind yea  
And we won't make it to the bed, let's take it to the floor girl  
I'mma fulfill every desire

I love it when you put it on me  
Position and arch your back  
I love it when it's like that  
Here's my pillow, baby bite that

I love it when you scream my name  
The way it feels, girl I can't explain  
Girl I love it when it's like that

I love it when we're slowing down  
Drop it low and speed it up  
We be going all night, tell me can you keep it up?  
I love it when you take control of me  
I love it when you sit on top of me  
Don't stop, don't stop, bubble when you bounce that  
Lookin so good, lookin like you wanna shout that  
You wanna stay and massage me all night  
Leavin in the morning

I love it when you put it on me

Position and arch your back  
I love it when it's like that  
Here's my pillow, baby bite that

I love it when you scream my name  
The way it feels, girl I can't explain
