

Kiss Me

Pleasure P

Oh, oh, yeah, yeah
Kiss me! Let's fall in love all over tonight
Kiss me! Let's kiss like we're in Paradise!
Kiss me! Baby, I don't care who's watching, yeah!
Kiss me! Tell me that you'll love me forever!
Girl, I don't want to fight
Baby, I just need your love!
Baby, a little kiss
Baby, a little hug
Baby, I just need your touch!

Don't want to sit with nobody else
Just need your love, enough for myself!
Don't want to see you cry
When I know it's because of me, girl
This, this made us closer,
So darling, you can never hurt!
So happy to see ya,
So baby, come into my arms
It's only natural that we belong together!

Kiss me! Let's fall in love all over tonight
Kiss me! Let's kiss like we're in Paradise!
Kiss me! Baby, I don't care who's watching, yeah!
Kiss me! Tell me that you'll love me forever!
Girl, I don't want to fight
Baby, I just need your love!
Baby, a little kiss
Baby, a little hug
Baby, I just need your touch!

We can make it better,
I'm willing to do whatever it takes baby to please ya!
It's only a phase that we're going through
And I know we can get over!
I know I made you angry
And that I won't defend, no!
I am saying sorry, I wanna make amends!
I wanna do this, baby
Stay close to me!
Together we can make it
I'll be leaving you with me!

Kiss me! Let's fall in love all over tonight
Kiss me! Let's kiss like we're in Paradise!
Kiss me! Baby, I don't care who's watching, yeah!
Kiss me! Tell me that you'll love me forever!
Girl, I don't want to fight
Baby, I just need your love!
Baby, a little kiss
Baby, a little hug
Baby, I just need your touch!

Whenever we grow old
Baby, I'll still be here to love ya!
No matter how far you go
Girl, my heart will always find you!

So baby, take my hand
And let's dance tonight away!
Now baby, open up your heart
And tell me that you love me, yeah!

Kiss me! Let's fall in love all over tonight
Kiss me! Let's kiss like we're in Paradise!
Kiss me! Baby, I don't care who's watching, yeah!
Kiss me! Tell me that you'll love me forever!
Girl, I don't want to fight
Baby, I just need your love!
Baby, a little kiss
Baby, a little hug
Baby, I just need your touch!
